**COMMITTEE MEETS IN MOKENA TO  
PLAN WIDE EDUCATION PROGRAM****Dr. Reavis, University of Chicago,  
Aids in Discussion by Many School  
Representatives in This Area****BILL ERICKSON  
DAY AUG. 17**

Friends of President William N. Erickson of the County Board from all parts of Cook county will rally at Sportsman's Golf club Tuesday, August 1 for the 17th annual Bill Erickson Day.

The all day affair planned as a tribute to President Erickson's long record of responsible, efficient public service both as a member of the board and as its president. His achievement as president in maintaining high standards in all the county institutions while staying within the budgets is particularly emphasized this year, when he is again a candidate for presidency of the Board.

Judge Harry Porter, chief justice of the Municipal Court of Evanston who is general chairman of Bill Erickson Day, said that the guest of honor "has exemplified in high degree the maxim that a good public servant is constantly attentive to the interests of his employer—the public."

"President Erickson possesses sound business training and has an intelligent attitude toward the problems that confront his office," said Judge Porter. "Along with an earnest desire to serve the public to the best of his ability, he has a keen sense of humor and a natural inclination to deal with people as human beings, extending helpfulness with fairness and friendliness."

Assisting Judge Porter are Eugene Beck, William MacStevens, Evanston Aldermen and A. J. Murray, who are vice chairmen of Erickson Day; Judge Corcoran, Evanston, secretary; and Al Conn, Evanston, treasurer. The reception committee is composed of Superior Court Judge Alan E. Ashcraft and Circuit Court Judge William V. Broekers.

Golf will highlight the daytime program. Prizes for golf and many other awards will be presented at the dinner in the evening.

Sportsman's course is located, off Dundee road, one and a half miles west of Waukegan Road.

**EXCITING NEW CONTESTS ADDED  
TO WILL CO. FAIR AT PEOTONE**

For the first time in Will county fair history the Fair is offering to the public a horse and mule pulling contest. This contest is in two divisions: one is limited to horses and mules of Will county to create some local interest among those horse and mule owners in the county; the other division is open to horses and mules from any where. This open class is designed to give the people an opportunity to see the best pulling horses in the state pull to a dynamometer. These contests are becoming more popular each year and farmers enjoy seeing these horses pull even though many farms are now operated without the use of horses. Prizes in each class range from \$75.00 for first prize to \$20.00 for fourth prize. Entries and inquiries may be addressed to Thomas Clinton, secretary of Peotone, Ill.

Something new in Illinois county fairs is being done at the Will county fair at Peotone this year in the form of tractor pulling contests. Up until this year there has not been a tractor pulling contest of this nature in the State of Illinois; therefore Will county is one of the pioneers in this type of contest. It has been felt for some years that our fairs were not mak-

An informal committee meeting, with Dr. W. C. Reavis of the University of Chicago as guest, met in the Mokena public school Saturday afternoon, to talk over school problems.

Also meeting with the committee was a representative of this newspaper. The members of the committee who were appointed recently by the school representatives are: Lawrence Kohl, Mokena; John Oster, New Lenox; George Bovee, Manhattan and James A. Dixon, Lincoln Estates. Albert Krusemark Jr., member of the committee was unable to attend as he was away on his vacation.

Each presented to Dr. Reavis their local school problem. He stated he had read the report prepared by J. H. Cherry, general superintendent of the Joliet township high school and found it to be a reasonable and well written report. He mentioned the splendid community high school at Momence which serves an area of 75 square miles.

Dr. Reavis, as chairman of the committee on field services, department of education from the University of Chicago told of having been invited to make a comprehensive study of the schools at Taylorville, Illinois during the school year 1949-1950.

It was most evident that here was a group of men who were earnestly trying to find the best educational setup for the youth of their community. This committee is acting in an advisory capacity to their local school boards, who are receptive to constructive suggestions. Indeed, more than that, they are most anxious to solve this school question in the right way which would be most beneficial to future generations.

For the area of Frankfort, New Lenox, perhaps Manhattan townships, with the answer be to setup a community high school, join with Joliet high school system, or have a consolidated school system? In order to get the best possible answer is the reason Dr. Reavis has been asked to make a survey of this area which he makes in an impartial evaluation of the schools and their administration with recommendations intended to serve as a long-term program of constructive improvements.

Some of the thoughts expressed by Dr. Reavis are: "More children go to school if you put the school where they are." "Schools are no better than the teachers."

Dr. Reavis, in answer to the question, "What is a community?" replied: "A community is a geographical area where its population is drawn to a common center." Enlarging upon that thought he stated: "The center is a sort of service station, where a similar interdependence has developed between the people of the center and the country beyond with respect to social services of a cultural, recreational, religious and educational nature as well as economic purposes."

As a result of this meeting, another similar one will be held at a later date at which time the problems will be explained further.

ing any effort to modernize themselves in the way of tractor shows which our younger farmers are primarily interested in. This endeavor on the part of the Will County Fair at Peotone is a step in that direction.

The contest this year is being held Sunday afternoon, August 27 with possible run-off contests Sunday morning if the entry list is large. The tractors are divided into four classes by weight, namely, under 3500 pounds, 3500 and under 4500, 4500 and under 6000, and 6000 and over. The tractors must be farmer owned on July 1, 1950. Tractors are limited to rubber tired tractors, without dual wheels, without other mechanical devices on the tires to aid traction. Four prizes are given in each class and range from \$50.00 for first place to \$10.00 for fourth. Entries must be made by August 21, to Thomas Clinton, secretary, Peotone, Ill., accompanied by entry fee of \$5.00 for each tractor entered in a class.

The Will County Fair association feels that this will be an outstanding program of the fair and should create considerable interest and discussion among our tractor farmers.

**Competition is Keen  
As Fishing Contest  
Nears Final Weeks**

Who was it that said, "It takes a woman every time?"

That seems to be the case as far as the Tinty Park Hardware fishing contest is concerned, where competition is getting to its peak during the last six weeks of running.

Mrs. James English of Tinley Park departed for the White Dog camp in Minaki, Ontario, last week. Her thoughts were on the fishing contest and possibly of "Muskie's", but there was one entry by Henry Bettenhausen for the muskelunge prize. As Henry won the prize last year Mrs. English decided to do something about it.

The first day she was at the camp she went out for a half hour's fishing. In twenty-five minutes she had a strike and after three quarters of an hour fight, landed a 26 pound muskelunge. It was immediately shipped to Charles Smith, proprietor of the hardware store and entered in the contest. After the fish was cleaned it had an official entry weight of 21 pounds, 8 ounces, against Henry's entry weighing 12½ pounds. All are welcome to view Mrs. English's fish in the freezer at the store.

Another entry this week of interest was made by little Wayne Goebel of Tinley. After traveling to Lake Stella, Minn. on vacation with his parents, Wayne caught a perch. This being the first perch entered in the fishing contest, Wayne had the privilege of entering his two and a half ounce perch in the contest. Wayne is hoping that no one catches a "Bigger" one!

The fishing contest closes September 15.

**Cooper Family Holds  
Centennial Reunion**

The Cooper family, well known in this area, held a family reunion Sunday, July 30, in commemoration of the coming of Thomas Cooper, his wife, Eleanor, and four year old son, John Thomas, to this country from England in 1850. They settled on the farm in Orland township now being operated by their great grandson, Stanley Cooper.

One hundred and sixty-five of the Cooper descendants and their families attended, representing five generations, and coming from Florida, Ohio, Michigan and from Chicago, La Grange, Rockford, Elmhurst, Joliet, New Lenox, Frankfort, Mokena, Tinley Park and Orland. The family members of Orland and vicinity arranged the meeting of the clan at the old homestead.

A potluck dinner, served at 1 o'clock cafeteria style, was a real feast and included watermelon and ice cream. The Rev. Rompel asked a blessing and the entire group was photographed as they were assembled together.

A program presented by Mrs. H. Adele Cooper and son Merrill, included many interesting features, a welcome by Mrs. Edith Cooper of LaGrange, words of reminiscence by Edgar Cooper of Orland and William Cooper of Brook, Ind., both over 80 years of age, the group led by Evelyn Sayers in singing "God Bless America"; a skit representing the coming of the immigrant Coopers and their meeting with the Indians, with the parts played by Wilbert Cooper, Mrs. Marvin Cooper, Teddy, the son of the Floyd Coopers, Mr. and Mrs. Merrill Cooper and daughter Cynthia. A shawl used in the portrayal was one that had been worn by the lady from England.

Other features were musical selections by Patsy Cooper, Ronald Creer, Evelyn Sayers, Roy, Richard and Robert Cooper of Indiana, and a reading by Mrs. Thomas Cooper followed by a report of the 1926 reunion. Miss Mary Cooper of Brook, Ind., is preparing a detailed record of the family tree.

Of outstanding interest were the oldest member, Edgar Cooper, who will celebrate his 86th birthday, August 13; the fifth generation representative, Jay Cooper, Batson of Joliet, son of James Batson, and great grandson of Thomas D. Cooper, of New Lenox; the youngest, the two months old child of the Glen Coopers of Ohio and the one coming the longest distance, Mrs. Lulu Reid of St. Petersburg, Fla. The couple having the largest family were Mr. and Mrs. Wilbert Cooper, of Brook, who have eight children and the last couple married was Lillas Cooper and Ralph Show, married June 3. The children were entertained with games and contests while the others visited.

The entire group spoke of their appreciation and enjoyment of the gathering and unanimously voted to hold a reunion at the same place next year.

**Article on School  
Problem to be  
Ended Next Week**

We are sorry not to have been able to run the last article on the School Problem this week. It will be concluded in next week's issue. These articles which have been written by J. H. Cherry, general superintendent of the Joliet township high school, have proved interesting to many people. If you have not clipped them each week, there is still time to get back copies and therefore have the complete article in one.

**25 CARS IN 'J'  
WRECK SUN. AT  
BRISBANE**

A \$50,000 wreck on the E. J. & E. railroad Sunday occurred at Brisbane, a short distance southeast of New Lenox.

The freight train of 74 cars left Gary that morning at 8 o'clock, coming to Joliet. When it had reached Brisbane, a hot box developed on the 41st car from the engine which caused the break to strike a switch resulting in the derailment of 25 cars. The last eight cars and the caboose remained upright on the tracks.

Cars were piled in a short area like tooth picks. Some were loaded with steel, including heavy beams, 10 were empty tankers, one empty gondola, an empty box-car and hopper; 15 were loaded with cement. The road bed was torn for 200 feet on one track and 700 feet on the other track. One of the cement cars climbed the abutment of the Wabash overpass, ripping away a section of stone.

Keith Prunty, agent at Brisbane, said he had just stepped out of his elevated agent's office to watch the train go by, when suddenly cars started flying in all directions. He thought some were going to come up and hit him. A section hand standing at the edge of one of the tracks to watch the train pass, said he feared he would be trapped by the fast flying cars and ran to safety. One of the section hands was injured in his leg when a tank car rammed into his small cottage. He was removed to Silver Cross hospital.

Two wreckers were on the scene and one from the Wabash railroad was added. Clearing operations were hampered because of the heavy loads to lift, and fear was expressed for by-standers when the cranes lifted a load in case it shifted.

**Under The Cross  
Of Malta**

Final plans for our grand opening in September got under way at the meeting last Thursday. There are many committees to be appointed for the occasion yet, but because there were not many comrades out for the meeting, Commander Peterson chose to wait until the August 10 meeting to make the appointments.

The August 10 meeting should be an interesting one with many issues to be discussed. There are also many that I cannot cover here, but members will receive a card reminding them of the meeting.

Due to the fact that Homecoming will be held during the month and every one will be busy with it, no dance will be held during August. Commander Peterson pointed out that every member in the post will have some duty during the Homecoming and that Stanley Williams of the Civic club will attend our next meeting to outline the duties.

Our next dance will be held Labor Day September 4. This will be our second annual Labor Day dance. Banus Bros. have again been engaged to furnish the music due to the many favorable comments we received at the last dance. We appreciate the patronage of our many friends and will make every effort to assure them of a good time in the future.—Eino L. Saarela publicity.

P. S. Comrade Jack Horras has been appointed membership committee chairman, replacing Comrade Werner. The change was made because Comrade Werner asked to be relieved.

**High Enrollment in  
State Vocational  
Schools Last Year**

Vernon L. Nickell, state sup't. of public instruction today announced that enrollment in vocational education courses in Illinois schools for the year ending June 30 was the highest in Illinois history. For the school year beginning July 1, 1949 and ending June 30, 1950 there was 98,869 students enrolled in vocational training courses in public vocational schools. Of this total, vocational agriculture had 25,021; business education 5,489; vocational homemaking 42,151 and trade and industry 26,208.

This trend of increases has been evidenced each year since the close of World War II. More and more secondary school students are realizing the importance of taking preparatory training in the various vocational fields to better fit them selves to take their places upon graduation in the work-a-day world. Also, adults are attending evening and part-time schools in order to upgrade their training to advance to new or better occupations.

Mr. Nickell stated that the school officials of Illinois have given excellent cooperation in furthering and broadening the vocational curriculum throughout the state to better fit the needs of the citizens of the many communities of Illinois.

"I would like to add that any and all bicycles that are decorated will be most welcome as we have decided to judge them as a class and any and all between the ages of 1 and 101 are eligible."

This, of course, doesn't mean that we are only going to award prizes to bicyclists. In addition to a grand prize for the most outstanding unit or individual in the parade there will be prizes for the best dressed, the funniest costume and by all means the best decorated float."

Rufe's Ramblings

By RUFÉ PICKETT

By Rufe Pickett

Taken as a whole I believe the most embarrassing trip I ever made was one time way back yonder when I was working on the road down home. Being the brakeman on the down train that day it was my duty to make proper announce-ments for the information and guidance of the passengers as we approached each station. That being an old railroad custom I would have thought nothing of it had I not each time been greeted by a wild burst of whistling, yelling, stomping of feet, and clapping of hands. After about the tenth ova-tion of this sort I called a gentle-man out on the back platform and asked him what was the matter with everybody. I told him that I understood why certain speakers were always so enthusiastically re-cieved by the home folks but I didn't think it was appropriate for a coach load of people to applaud the mere promise that the train wouldn't stop before it arrived at the next depot. He was just as calm and composed as he could be as he stood there and looked at me. "We just can't help acting the way we do," he sez. "Nearly everybody in this car was at the opry house last night. There was a hypnotist there who put on a show. You should have seen him hypnotize

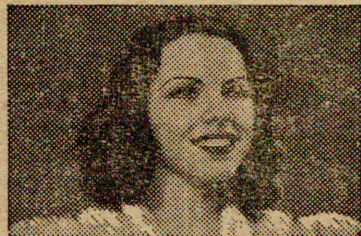

fellers and have them up on the stage washing their faces in a pan of flour, and such like. After the show was over the audience liter-ally went wild and he looked at everybody with his snake eyes and sez, 'Now you all can't quit till I tell you to.' "

Well, the hypnotist told them all

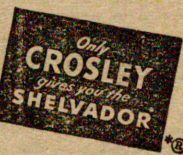

that he was mighty sorry that he forgot to tell them when to quit applauding without them having to come to where he was staging his next show, but after being relieved from his spell that gang was the meekest group of passengers we ever had going back on the up train

GETS SUPPLY OF CANVAS

TREATED WITH FORMULA J

A shipment of Harvester Canvases treated with new "Formula J" that makes them weatherproof and rot-resisting has just been received by Swanberg Farm & Auto Service, local MM dealer. This is an entirely new development, Mr. Swanberg says, and will outlast all present canvases in use.

Vivid evidence of the effectiveness of the new "Formula J" treatment of canvas can be seen at his store. Samples of standard-treated and "J"-treated canvas were subjected to 30-day burial tests to determine the degree of protection afforded by the water-proofing compounds and fungicides used in "Formula J".

Results of such exacting tests show that the standard-treated duck lost all tensile strength and rotted away. The "J"-treated canvas lost no tensile strength and was not affected by mildew or rot in any way. Mr. Swanberg has samples of the tested canvas.

At present the "J"-treated canvas is being used exclusively for MM Harvester 69 replacement.

## BATTER UP!

Under this heading are to be found Baseball News in the Semmler Newspaper area. All baseball and softball teams are invited to use these columns.

Sunday, July 30, Tinley Park nearly upset Sanger's apple cart for the second time in a row, Wednesday July 26. Methodist came from behind to tie it up in the first half of the seventh. Power paid off for Sanger in their bottom half. Helme Seibrant stepped into the box and closed the first pitch up against the hardball backstop. That was all brother. Final 8 to 7. The Scoopers really started slapping that grapefruit around in their last half of the seventh. But alas and alack they had been dragging their anchor too long in the first few innings. Five guys in a row planted the ball out of the park, the Scavengers scalped them 19 to 13. Thursday the 27th the girls routed Midlothian 10 to 4 here. A team from Mt. Greenwood was due to play the All-stars, but didn't show. Most of Cavett's played what was left of the all-stars. The Pillpushers came out on the short end 13 to 10. Here's a bit that can't wait until next week. Those off again, on again Scavengers broke the first place tie by defeating Cavett's 5 to 3 this Monday. Those Scavengers didn't show signs of life until about the sixth when they pushed three runs across to tie it 3 to 3. Cavett's were important in their bottom half. Scavengers let loose again in the top half of the seventh for two more runs. Cavett's came up and went down in order in their last chance. All hail to the Scavengers. Don't crow too loudly Sanger. I see many more defeats for you before the season's over. Ken Nieman set a new dubious record. The poor guy struck out three times. He made up for it out in left field. Ken's so fast that a ball was popped up back of home and before the catcher had a chance on the ball, Ken was in on it for the catch, and I understand you've been playing hardball Ken. Shame on you, ruining yourself on that miserable game.

### Sportsmen B's News

By "Squeebster"  
Tinley Park Sportsmen B team traveled to Harvey Friday and won the first game of the playoffs in the Memorial YMCA senior baseball league. Tinley downed North Harvey A. C. 4 to 1 behind the four hit pitching of manager Don Keuch. Don's brilliant pitching combined with Jack Tomlinson's clutch hitting and Tinley's tight defense proved to be the winning factor.

I and what miserable weather. It's sure putting the damper on things in general. Rain, rain and more rain. Won't it ever stop? I pity the poor farmers. I understand the crops are two and three weeks behind. It's ruf. Take me back to the Aleutians. Rain was at least expected out there. Let's pray that some of this rain moves over to Korea. Maybe it would bog down a few Ruskys tanks. Let's see how things have been shaping up. Two weeks ago the only game played was between Methodist and the Dough boys. Those Doughboys are really hot. Could it be that their new pitcher practices Voodoo? They cleaned up on Methodist 18 to 9. All the other games were either cancelled because of wet grounds or precipitation. To start last week off right the girls played North Harvey Monday for the honor of occupying first spot. The final outcome was 6 to 5, but our girls had to fight an uphill battle all the way. Even Smilin' Hank the ump got in there and fought. It was an overthrow and a ball into the crowd that tied the score and started the ruckus. Hank became involved in fist-cuffs because of a free swinging Harvey fan. Man can Hank throw leather! After someone had retrieved Hank's hearing aid, glass eye, and teeth the game continued. Our girls went on to get one more run in their last half of the seventh to put the game on ice. What a game. Those upstart Methodist boys
